

Summer 2– Week 7 – Tuesday 14th July 2020

English

Task 1

Find out more about the moon by reading these sources. Jot down any facts that you find interesting:

Task 2

Imagine you have been asked by the BBC to join Professor Brian Cox on a CBBC TV special about Space. He has asked you to do a five minute presentation on the moon.

If you are unfamiliar with who Brian Cox is, here he is in action (scroll down to the video 'How earth was created'):

Link: <https://www.bbc.co.uk/bitesize/articles/zk7fy9q>

When creating your presentation, consider these points:

- Think about writing a script or key notes for your presentation - making sure you practise aloud so that it stays within the five minute limit.
- You may want to use a computer programme to create a presentation, such as PowerPoint, or design and create posters which you can refer to as you speak.
- Think about how to keep your audience engaged – maybe you could include some rhetorical questions which make your audience think more about your topic.

Once completed, have a go at performing it to someone in your house. If possible, you could also record it to send to your teacher!
