RE: Child care after school provision

Dear Parents and Carers,

As a school we are thinking about how we can support our families with their day to day lives and child care is an important aspect of this. Primet has provided our children with a wide variety of clubs for children to go to after school. These are free of charge and these will begin again once our children are allowed out of their classroom bubbles.

However, we are considering providing an after school child-care service. This will be like breakfast club and will be available every day after school. There will be a cost for this of £5. The club will run from 3.10pm to 5.10pm. Children will be able to come on any day providing they are booked in.

As this is paid child-care, we need to see if there are enough families interested in this provision to ensure that staffing and resource costs are covered. Could you please complete the slip below if you are interested and please state which days you would like your child to come. Can the forms be completed by Friday 25th September and given to the office. We are able to set this up with social distancing so the provision can begin once we are certain of the numbers. Please be aware if we don't have enough interest the after school child-care service will not go ahead.

Yours sincerely

Christopher Holmes
