

Dear parents and carers,

This is our first newsletter for this year and we have had a great start. The children have come into class and quickly settled down to work. Lots of children have already started to make progress which can be seen in their books. We have lots of new starters at school in a variety of classes and the children and staff have made them all feel very welcome. The new Reception class will be coming into school all day next week and they have also settled into school really well - a brilliant start.

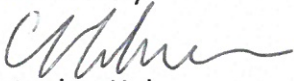

I'm sure everyone realises the importance of attendance at school and I must stress that children should make every effort to be here every day to ensure good progress. All appointments should be made outside school time because the children learn best when they are present.

Your child should by now have a home reading book. Please listen to your child read every night. School is promoting reading. The children complete lots of reading activities in school and home reading adds to and supports these. All classes have a class novel and are read to by the staff. Reading books to your children at home helps them develop a love of books and it builds your child's vocabulary. If you can read to your children for five to ten minutes a day it makes a real difference.

Primet Primary has a great feel about it at the moment and everyone has a spring in their step from having all the children back after the Summer holidays. It was great to see so many of our families at the Friday celebration assembly this morning; it makes a real difference to celebrations at school and it builds the sense of community here at Primet.

I hope everyone has a great weekend and we are all looking forward to the weeks ahead.

Yours sincerely

Christopher Holmes
