The Primet Principles

P—Pride

R—Resilience

I—Independence

M—Making Good Choices

E—Engaged

T—Trust

Every aspect of school life is founded on these core principles.

We strive to cultivate learners who are **proud, resilient, and independent**. Our goal is for pupils to **make positive choices** both within school and beyond. We encourage active **engagement** in their learning and participation in school life. Our students will be **trusted** by the adults around them, and in turn, they can have full confidence in our support.

Ready, Respectful, Safe

To achieve the **Primet Principles**, we follow these behavioral expectations. Be Ready. Be Respectful. Be Safe.

When asked, children can explain what '**Ready**' behaviours are. They can explain what it means to be **Respectful** and how they personally show this to all members of our school community. Similarly, they know how to stay safe in our school: inside and outside and can give examples of **safe** choices.
